# ABOUT COMPANY

- **"TREGO"** is a company specializing in domestic transportation of goods and general supplies. We offer our services across a wide geographical area, covering all governorates of the republic.
- We strive to provide effective and safe transportation solutions that meet the diverse needs of our clients across various sectors, through a modern fleet and a qualified team that operates according to the highest standards of quality and commitment.
- Our goal is to be the first choice in the field of internal transportation and supplies by building long-term relationships based on trust and credibility.

- We aspire to build an integrated Egyptian logistics system that leads in providing innovative and efficient transportation and supply solutions.

# OUR MISSION

- Continuous development in transportation and supply services and the innovation of effective methods contribute to enhancing the movement of transportation and supply safely and smoothly, keeping up with smart operating systems, and ensuring the appointment of experienced and professional competencies.

# OUR VALUES

## Safety of Shipments

Delivering your shipment safely and securely without any damage or loss is our top priority.

## Speed and commitment

We are committed to executing transportation operations efficiently and in the shortest possible time, as we believe that time is a crucial element in the success of our clients' businesses. We enhance our operational system to provide quick solutions without affecting the quality of service or the safety of shipments.

## Reliability

Trust is one of the most important values that distinguishes us, because we strive to build a long-term relationship with our clients based on trust and commitment. We fulfill our promises to be a reliable partner that can always be depended upon.

## The spread

We provide transportation and supply services on a wide scale, covering all governorates of the republic.

## Continuous development

We always strive for continuous development to exceed our clients' expectations and keep up with market changes.
